- Soft Skills:** Leadership, Event Management, Writing, Public Speaking, Time Management

EXPERIENCE

- Sumago Infotech Pvt Ltd** Remote
Full Stack Developer Intern (MERN) (Part-time)
Dec 2023 - Jan 2024
 - Project:** Designed a fully functional Property Listing Website
 - Tech stack:** React.js, MongoDB, Node.js, Express.js, Bootstrap, TailwindCSS
 - Role:** Performed the role of Team Leader of 6 members
 - Achievement:** Recognized as the best project throughout the internship
 - Deployment:** Deployed on AWS, Vercel, Render

PROJECTS

- House Price Prediction:** - Developed a house price prediction model using Python and data science techniques. Implemented machine learning algorithms and performed data analysis to predict housing prices based on various features. (April '24)
- Social Media Website:** - Developed a sleek, responsive full-stack Social Media Website using cutting-edge technologies such as TypeScript, Socket.io, React.js, MongoDB, GoLang and enriched user experience with Bootstrap and Tailwind CSS. (June '24)
- Property Listing Website:** - Developed a sleek, responsive full-stack property listing platform using cutting-edge technologies such as React.js, MongoDB, Node.js, Express.js, and enriched user experience with Bootstrap and Tailwind CSS. (December '23)
- AirBnb Clone:** - Pioneered the integration of unique functionalities alongside industry-standard features in an AirBnb-inspired web application. Leveraged React.js, MongoDB, Node.js, Express.js, Bootstrap, and Tailwind CSS to ensure a seamless user experience. (December '23)
- File Zipper Project using Huffman Coding Algorithm:** - Engineered a sophisticated file compression tool utilizing advanced Huffman Coding Algorithm in C++ within the robust development environment of VSCode and CMake. (March '23)
- ACES Club Website:** - Crafted a modern MERN stack website for the ACES Club, showcasing proficiency in React.js, MongoDB, Node.js, Express.js, and elevating design aesthetics with Bootstrap and Tailwind CSS. (November '23)

HONORS AND AWARDS

- First Prize Winner Code Clash Competition (Sumedh Technical Event, AVCOE) - Feb, 2024**
- Second Runner-up at ACES club website design challenge - November, 2023

VOLUNTEER EXPERIENCE

- Web Development Community Lead at Developer Student Clubs AVCOE** Sangamner (Pune), India
Conducted online and offline technical & soft-skills training impacting over 500 students. *October 2023 - Present*
- Lead at DSA and Coding Community at AVCOE** Sangamner (Pune), India
Organized events, conducted workshops and delivered workshops reaching over 500 developers. *February 2024 - Present*

MISCELLANEOUS

- Solved 350+ questions on LeetCode** Online
Solved more than 500 combined on various platforms. *March 2024*
- Top Performer in Coding Challenges** Online
Consistently ranked among the top performers in coding challenges and competitions. *March 2024*

CERTIFICATIONS AND COURSES

- Certified Python Programmer** Coursera
Earned Google Certified Professional, Python certification. *June 2022*
- Data Structures and Algorithms Specialization** Technorbit
Completed a series of courses on data structures and algorithms. *December 2022*
